## 2590 Product Family

### Batteries

- 2590 without SOCI
- 2590 w/SOCI
- 2590 w/SOCI & SMBus
- 2590 Expanded Capacity with SOCI & SMBUS

### Chargers

- CH0002
- CH0003/MRC-85A
- CH0004/MRC-86A
- UKT0011
- MRC-83, MRC-88
- MRC-135A, MRC-143A
- MRC-11A, MRC-12A
- MRC-PS0007

### Cables

- CA0002
- CA0006
- CA0007
- CA0008
- UCA0039

Our 2590 product family consists of lithium-ion rechargeable batteries, chargers & charging systems, and a series of cables & connectors enabling out-of-the-box “Plug and Play” rechargeable power.

### Benefits:

- Tough, military construction
- High energy density batteries
- Smart battery & charging technology (SMBus enabled product only)
- Multiple charging solutions

### Applications:

- Ideal for UAV/UUV
- Over 50 additional applications (2590 battery is rechargeable version of our BA-5390A/U)

(products are not shown to scale)
